

JOMY T J

M.Sc. Biotechnology | Cambridge Approved Examiner (CAIE) | IGCSE & AS & A Level Specialist
Coimbatore, Tamil Nadu, India | +91 96294 27522 | starjomy@gmail.com
LinkedIn: linkedin.com/in/jomy-t-j-bb360168 | Portfolio: jomy-t-j.github.io

PROFESSIONAL PROFILE

Cambridge-experienced educator and CAIE Approved Examiner with 8+ years of experience delivering IGCSE Global Perspectives, AS & A Level Global Perspectives & Research, and Biology at international and national curriculum schools. Strong conceptual alignment with IB Theory of Knowledge (TOK) through sustained practice in epistemological inquiry, critical thinking, knowledge construction, and cross-disciplinary exploration. Published researcher (molecular biology), active science communicator, and certified Peace Instructor. Proven record of guiding students to National Top Ranks, A* grades, and Cambridge Gold Awards. Experienced across curriculum design, research mentorship, monitoring and evaluation, pastoral care, and global education initiatives. Committed to inclusive, rigorous, and values-driven education.

EDUCATION

Master of Science (Biotechnology) | 2013 – 2015

Kongunadu Arts & Science College, Coimbatore, Tamil Nadu, India

MSc Research Project: Molecular Assessment of Coronary Heart Disease (CHD) Risk in Obese and Overweight Subjects
Supervisor: Dr. Lakshman Kumar B

Bachelor of Science (Biotechnology) | 2010 – 2013

Kongunadu Arts & Science College, Coimbatore, Tamil Nadu, India

Higher Secondary Certificate (HSC) & Secondary School Leaving Certificate (SSLC) | 2008 – 2010

San Jose Matriculation Higher Secondary School, Tamil Nadu, India

RESEARCH EXPERIENCE

MSc Research Project – Molecular Biology & Cardiovascular Risk Assessment

Kongunadu Arts & Science College, Dept. of Biotechnology, Coimbatore | 2014–2015

- Conducted molecular assessment of Coronary Heart Disease (CHD) risk factors in obese and overweight subjects
- Performed PCR-based genotyping and biochemical profiling to assess CHD risk markers
- Analysed and interpreted data for peer-reviewed publication under the guidance of Dr. Lakshman Kumar B
- Research resulted in a co-authored publication in an international peer-reviewed journal (2018)

PROFESSIONAL EXPERIENCE

Approved Examiner – AS & A Level Global Perspectives & Research May 2026 – Present
Cambridge University Press & Assessment (CAIE) | Remote

- Assess AS & A Level Global Perspectives & Research scripts under internationally recognised Cambridge Assessment frameworks and marking standards
- Completed full Cambridge examiner onboarding, qualification, and standardisation requirements
- Apply CAIE marking criteria to ensure consistency, accuracy, and quality in examination outcomes
- Maintain deep subject expertise aligned with CAIE curriculum and international academic standards

Career Mentor – International Mentorship Programme Jun 2026 – Present

- Provide structured one-to-one career mentorship to early-career professionals and consultants across international contexts — part of a global peer mentorship network
- Guide mentees in career planning, professional goal-setting, domain expertise building, and workplace skill development
- Facilitate reflective coaching sessions to identify strengths, address professional challenges, and set actionable milestones
- Support mentees in developing research, communication, and analytical skills for career advancement

Cambridge Global Perspectives Facilitator – IGCSE & Lower Secondary Jul 2024 – May 2025
The Indian Public School (Cambridge), Erode, Tamil Nadu

- Planned and delivered IGCSE Global Perspectives and Lower Secondary Checkpoint courses, developing schemes of work aligned to CAIE frameworks
- Facilitated epistemological inquiry, critical thinking, knowledge construction, and cross-disciplinary exploration
- Marked and moderated student coursework, recorded progress, and prepared written reports in compliance with CAIE standards
- Maintained pastoral responsibility for student well-being, discipline, and positive classroom relationships
- Communicated regularly with parents on student learning, progress, and development
- Led co-curricular and enrichment activities and participated in staff, departmental, and parent-teacher meetings

Key Outcomes:

- Guided a student to National Top Rank – IGCSE Global Perspectives (November 2024)
- Supported multiple learners in securing A* grades in Cambridge international examinations

- Contributed to the school achieving the highest number of Cambridge Gold Awards – Lower Secondary Checkpoint Global Perspectives (May 2025)

Independent Educator – Biology / Global Perspectives / Literacy & Mathematics May 2020 – Present

Freelance Teaching | Online & In-Person, Tamil Nadu

- Planned and delivered personalised IGCSE, AS & A Level, and CBSE lessons across Biology, Global Perspectives, and foundational subjects
- Mentored students in Lower Secondary, IGCSE, and AS & A Level research projects and extended essay development
- Guided learners through TOK-adjacent inquiry: exploring knowledge questions, evaluating perspectives, and constructing arguments across disciplines
- Designed differentiated learning materials and individualised lesson plans to address diverse learner profiles
- Assessed student performance, identified learning gaps, and implemented targeted teaching interventions
- Facilitated blended and digital learning environments, adapting platforms to individual learner needs

Public Speaking & Communication Skills Facilitator

Apr 2023 – Jul 2025

PlanetSpark | Remote

- Delivered structured communication and public speaking sessions to develop student confidence and presentation skills
- Created tailored learning experiences fostering creative expression and effective verbal communication
- Monitored learner progress, provided constructive feedback, and adapted instruction to individual needs

PCR Technology Course Mentor

Aug 2023 – Nov 2023

Biversity | Naan Mudhalvan Scheme – Government of Tamil Nadu

- Conducted PCR training and practical laboratory instruction for final-year allied health science graduates
- Delivered biotechnology curriculum under a state-sponsored professional development initiative

Monitoring & Evaluation Officer

Sep 2021 – Apr 2022

Good Shepherd Health Education Centre (GSHEC), Karamadai, Coimbatore | KKS-BMZ, Germany

- Evaluated women's socio-economic and political empowerment initiatives through SHG livelihood project assessments
- Collected and analysed project performance data against key impact indicators to support evidence-based reporting
- Participated in state-level consultations on gender budgeting, Tamil Nadu (2022)
- Prepared monitoring and reporting documentation for national and international stakeholders

Facilitator – General Science, English Literacy, Mathematics & Global Studies May 2022 – Apr 2023

The Aalam International School, Coimbatore, Tamil Nadu

- Planned and delivered multidisciplinary lessons using activity-based and experiential learning techniques
- Served as class tutor with pastoral care responsibility for student welfare, discipline, and positive school relationships
- Conducted student evaluations, contributed to progress reports, and maintained parent communication

Homeroom Facilitator – Primary Science

Jun 2019 – Dec 2019

The Hillside PREP, Coimbatore, Tamil Nadu

- Facilitated science and homeroom sessions for primary learners using inquiry-based pedagogical approaches
- Managed classroom engagement and supported students' academic and personal development

PGT – Biology (CBSE)

Apr 2018 – Mar 2019

Shemford Group of Schools, Vanniyambadi, Tamil Nadu | Full-time

- Delivered Biology instruction for Grades 9–12 using activity-based, inquiry-based, and application-focused teaching strategies
- Designed curriculum-aligned resources, evaluated student performance, and encouraged conceptual understanding
- Applied differentiated instruction to meet diverse learner needs across CBSE Biology curriculum

Key Outcome:

- Produced a successful CBSE Board batch for Biology in 2019, with strong student outcomes in Class 10 and 12 examinations

Global Clinical Trial Coordinator

Feb 2016 – Jul 2016

VWR International | Coimbatore, Tamil Nadu | Full-time

- Coordinated global clinical trial documentation and logistics using SAP transactions
- Supported cross-functional teams in managing clinical trial workflows and compliance requirements
- Maintained accurate records and contributed to quality assurance processes in a scientific research environment

VOLUNTEER & COMMUNITY ENGAGEMENT

Peace Instructor (Certified Volunteer)

Dec 2021 – Present

International Women's Peace Group (IWPG) – South Busan, Global Region 3

- Facilitated global peace education sessions with educators from South Asia, Africa, and South Korea
- Contributed to Geneva Peace Week and international dialogues for war cessation and sustainable peace
- Advocate for peace, gender equity, and global citizenship through educational outreach

Active Member | Indian National Young Academy of Science – Student Leadership Circle (INYAS–SLC)

- Engaged in science communication, policy dialogue, and academic mentorship initiatives under INYAS

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Approved Cambridge Examiner – AS & A Level Global Perspectives & Research (CAIE, 2026)
- Cambridge AS & A Level Global Perspectives & Research (9239) Marking Workshop (2025) – Certificate of Attendance with mentor commendation for marking performance, subject enthusiasm, and depth of engagement in question discussions
- Certified Peace Instructor – IWPG (December 2024)
- Corporate Climate Action Essentials & Climate Corps Training – Environmental Defense Fund (2025)
- Digital Sustainability – UNSSC & UNEP (2025)
- Climate Literacy – Siemens (2025)
- CPD Certified – Safeguarding Essentials (2025)
- Visual Facilitation – Visual Thinking School, Netherlands (2025)
- Generative AI – Fundamentals
- Patent Analyst Training – IP Job-Oriented Course
- PCR Course Mentor Certificate – Bversity (2023)

AWARDS & ACHIEVEMENTS

- Mentored student to National Top Rank – IGCSE Global Perspectives, CAIE India (November 2024)
- Guided multiple learners to A* grades in Cambridge IGCSE international examinations
- Contributed to school achieving the highest number of Cambridge Gold Awards – Lower Secondary Checkpoint Global Perspectives (May 2025)

- Approved as CAIE Examiner for AS & A Level Global Perspectives & Research (2026)
- Trained final-year allied health science graduates in PCR techniques under Tamil Nadu Government Naan Mudhalvan scheme
- Participant – Geneva Peace Week and international peace and education initiatives
- Published author in Times NIE and The TIPSAN Weekly on topics of education, gender equity, climate, and global citizenship

SKILLS

Curriculum & Pedagogy

- Cambridge IGCSE, AS & A Level, Lower Secondary Checkpoint curriculum delivery and assessment
- CBSE Biology instruction (Grades 9–12); IB TOK-aligned inquiry-based pedagogy
- Curriculum design, schemes of work, differentiated instruction, lesson planning
- Research mentorship, extended essay guidance, skills-based assessment and moderation

Science & Laboratory

- PCR techniques, molecular biology methods, biochemical profiling
- Clinical trial coordination, SAP transactions, quality assurance documentation

Technology & Digital Tools

- Blended learning platforms and digital teaching environments
- Visual facilitation and instructional design (Visual Thinking School certified)
- Generative AI tools; patent analysis tools; Microsoft Office; Google Workspace

Research & Writing

- Academic research writing, peer-reviewed publication, and science communication
- Monitoring & evaluation methodologies, data collection, impact assessment, reporting
- Educational journalism and article writing for national publications

LANGUAGES

- English – Fluent (Professional Working Proficiency)
- Tamil – Native
- Malayalam – Native

PROFESSIONAL MEMBERSHIPS & AFFILIATIONS

- Approved Examiner – Cambridge Assessment International Education (CAIE), 2026
- Active Member – Indian National Young Academy of Science, Student Leadership Circle (INYAS–SLC)
- Certified Member – International Women's Peace Group (IWPG), Global Region 3
- Contributor – Times NIE Educational Publications Network

NOTE

A formal teaching qualification (B.Ed.) is not currently held. Professional equivalency is demonstrated through 8+ years of structured curriculum delivery across international schools, Cambridge Approved Examiner status (2026), and Cambridge professional certifications in assessment and curriculum.

DIGITAL PRESENCE & THOUGHT LEADERSHIP

- Active LinkedIn thought leader with 500+ professional connections spanning ESG, sustainability, EdTech, mentorship, geopolitics, peace education, and academic leadership sectors globally
- Publishes regular articles and posts on ESG and sustainability, Cambridge Global Perspectives, geopolitics, international politics, and peace education — content regularly engaged with by renowned directors, senior industry leaders, and international personalities
- Received formal collaboration invitations from ESG and EdTech professionals as a direct result of thought leadership content — formal partnership discussions currently ongoing
- Sustainability Education Course ("Rolling Through the Odds") — a 6-module, SDG-aligned pilot curriculum (SDGs 4,7,10,11,12,13) designed for corporates and sustainability platforms, covering critical reading, ESG data literacy, action planning, and M&E frameworks; developed and version-controlled on GitHub; shared with prospective partners; early-stage consultancy and MoU partnership discussions currently underway
- LinkedIn professional network spans Cambridge educators, ESG practitioners, sustainability advocates, peace education leaders, geopolitical analysts, biotech professionals, and academic leaders across South Asia, the Middle East, Europe, and beyond
