PROFESSIONAL PROFILE

Cambridge-experienced educator and CAIE Approved Examiner with 8+ years of experience delivering IGCSE Global Perspectives, AS & A Level Global Perspectives & Research, and Biology at international and national curriculum schools. Strong conceptual alignment with IB Theory of Knowledge (TOK) through sustained practice in epistemological inquiry, critical thinking, and cross-disciplinary exploration. Proven record of guiding students to National Top Ranks, A* grades, and Cambridge Gold Awards. Skilled in curriculum design, schemes of work, pastoral care, differentiated instruction, blended learning, and co-curricular leadership. Committed to fostering stimulating, inclusive, and intellectually rigorous classroom environments.

KEY TEACHING COMPETENCIES

- Cambridge IGCSE, AS & A Level & Lower Secondary Checkpoint curriculum delivery and assessment
- IB Theory of Knowledge (TOK) – epistemological inquiry, knowledge construction, cross-disciplinary learning
- Curriculum design, schemes of work, lesson planning, and differentiated instruction
- CAIE examination, marking, moderation, and standardisation
- Research mentorship and extended essay guidance
- Pastoral care, student welfare, and parent communication
- Co-curricular leadership, enrichment programme development
- Blended learning, digital platforms, and visual pedagogy
- Safeguarding, inclusive learning, and peace education

TEACHING EXPERIENCE

Approved Examiner – AS & A Level Global Perspectives & Research

Cambridge University Press & Assessment (CAIE) | Remote | May 2026 – Present

- Assess AS & A Level Global Perspectives & Research scripts under internationally recognised Cambridge Assessment frameworks
- Apply CAIE marking standards and standardisation procedures to ensure quality and consistency in examination outcomes
- Completed full Cambridge examiner onboarding, qualification, and standardisation requirements

Career Mentor – International Mentorship Programme

Global Mentorship Initiative | Freelance | International | Jun 2026 – Present

- Provide structured one-to-one career mentorship to early-career professionals and consultants across international contexts — part of a global peer mentorship network
- Guide mentees in career planning, professional goal-setting, domain expertise building, and workplace skill development
- Facilitate reflective coaching sessions to identify strengths, address professional challenges, and set actionable milestones
- Support mentees in developing research, communication, and analytical skills for career advancement

Cambridge Global Perspectives Facilitator – IGCSE & Lower Secondary

The Indian Public School (Cambridge), Erode, Tamil Nadu | Jul 2024 – May 2025

- Planned and delivered IGCSE Global Perspectives and Lower Secondary Checkpoint courses, developing schemes of work aligned to CAIE frameworks and tailored to learner needs
- Facilitated epistemological inquiry, critical thinking, knowledge construction, and cross-disciplinary exploration aligned with IB TOK pedagogy
- Marked and moderated student coursework, recorded progress, and prepared written reports in compliance with CAIE standards
- Maintained pastoral responsibility for student well-being, discipline, and positive classroom relationships
- Communicated regularly with parents on student learning, progress, and areas for development
- Led co-curricular and enrichment activities; participated in staff, departmental, and parent-teacher meetings
- Evaluated and reviewed own teaching methods and materials in line with current educational thinking

Key Outcomes:

- Guided a student to National Top Rank – IGCSE Global Perspectives (November 2024)
- Supported multiple learners in securing A* grades in Cambridge international examinations
- Contributed to the school achieving the highest number of Cambridge Gold Awards – Lower Secondary Checkpoint Global Perspectives (May 2025)

Independent Educator – Biology / Global Perspectives / Literacy & Mathematics

Freelance Teaching | Online & In-Person, Tamil Nadu | May 2020 – Present

- Planned and delivered personalised IGCSE, AS & A Level, and CBSE lessons across Biology, Global Perspectives, and foundational subjects
- Mentored students in Lower Secondary, IGCSE, and AS & A Level research projects and extended essay development
- Guided learners through TOK-adjacent inquiry: exploring knowledge questions, evaluating perspectives, and constructing arguments across disciplines
- Designed differentiated learning materials and individualised lesson plans to address diverse learner profiles
- Facilitated blended and digital learning environments, adapting platforms to individual learner needs

Public Speaking & Communication Skills Facilitator

PlanetSpark | Remote | Apr 2023 – Jul 2025

- Delivered structured communication and public speaking sessions to build student confidence and presentation skills
- Created tailored learning experiences fostering creative expression and effective verbal communication
- Monitored learner progress and provided constructive, personalised feedback

Facilitator – General Science, English Literacy, Mathematics & Global Studies

The Aalam International School, Coimbatore, Tamil Nadu | May 2022 – Apr 2023

- Planned and delivered multidisciplinary lessons using activity-based and experiential learning techniques
- Served as class tutor with pastoral care responsibility for student welfare and positive school relationships
- Conducted student evaluations, contributed to progress reports, and maintained cooperative parent relationships

Homeroom Facilitator – Primary Science

The Hillside PREP, Coimbatore, Tamil Nadu | Jun 2019 – Dec 2019

- Facilitated science and homeroom sessions for primary learners using inquiry-based pedagogical approaches
- Managed classroom engagement and supported students' academic and personal development

PGT – Biology (CBSE)

Shemford Group of Schools, Vanniyambadi, Tamil Nadu | Apr 2018 – Mar 2019

- Delivered Biology instruction for Grades 9–12 using activity-based, inquiry-based, and application-focused teaching strategies
- Designed curriculum-aligned resources, evaluated student performance, and encouraged conceptual understanding
- Applied differentiated instruction to meet diverse learner needs across CBSE Biology curriculum

Key Outcome:

- Produced a successful CBSE Board batch for Biology in 2019 with strong student outcomes in Class 10 and 12 examinations

PCR Technology Course Mentor

Biversity | Naan Mudhalvan Scheme – Government of Tamil Nadu | Aug 2023 – Nov 2023

- Delivered biotechnology and PCR training curriculum to final-year allied health science graduates under a state-sponsored educational initiative

EDUCATION

Master of Science (Biotechnology) – Kongunadu Arts & Science College, India | 2013–2015

MSc Research: Molecular Assessment of Coronary Heart Disease (CHD) Risk in Obese and Overweight Subjects | Supervisor: Dr. Lakshman Kumar B

Bachelor of Science (Biotechnology) – Kongunadu Arts & Science College, India | 2010–2013

Higher Secondary Certificate (HSC) & SSLC – San Jose Matriculation Higher Secondary School | 2008–2010

Note: Formal teaching qualification (B.Ed.) not held. Professional equivalency demonstrated through 8+ years of structured Cambridge curriculum delivery, CAIE Examiner approval, and Cambridge professional certifications.
