

For the 2026–2027 exam sessions, the component codes for Cambridge IGCSE Global Perspectives (0457) are:

- Component 01: Written Exam
- Component 02: Individual Report
- Component 03: Team Project

Breakdown of Each Component

● Component 01: Written Exam

- Code: 0457/11 or 0457/12 (series-dependent)
- Format: 1 hour 15 minutes written paper
- Weight: 35% of the final grade
- Content: Candidates analyse global issues using source material and demonstrate reasoning, evaluation, and comparison of perspectives.

● Component 02: Individual Report

- Code: 0457/02
- Format: Coursework submitted by the candidate
- Weight: 30% of the final grade
- Content: Candidates research a global topic of personal interest and present a structured, evidence-based report.

● Component 03: Team Project

- Code: 0457/03
- Format: Collaborative coursework with individual reflection
- Weight: 35% of the final grade
- Content: Students work in teams to explore a global issue, propose solutions, and reflect on collaboration and learning.

Exam Availability

- March series: Available only in India
- June and November series: Available worldwide

Each series includes all three components, and schools must ensure correct submission formats and deadlines as outlined in the official syllabus and coursework handbook.

You can find the full syllabus and assessment details in the official Cambridge document:
